Having bred AQHA horses for 40 years, we always look for good movement and these two 5 year old race-bred horses have it! At top is 15.3hh Ima Enchanted Chick with Patty up and at bottom is 16hh Dashin River with Shelley up. Each horse had been worked with only weeks at photo time. Each also had been on the **DYNAMITE** basics of free choice great hay, **Free Choice 1/2:1**, **NTM Salt**, and **Izmine**, 1.5oz **Regular** per day plus **PGR** (1 qt/day) and ½ cup **HES** when training started.

We had bought “Lucille” as a 23 month old filly, so she had been on the program only 3 yrs, but River was born on our property and so had the benefit of **DYNAMITE** since before he was foaled.

They also each get sprayed with **Release** on their 7 “magic” points of poll, withers, croup and 4 coronet bands before and after each training session which really helps loosen everything up and keep it that way. Just look at that special and unmistakable **DYNAMITE** glow!
