

Congratulations to Rowan Emrys for Advancing to -----

DYNAMITE® congratulates Rowan Emrys on her exciting advancement to Gold Director! This advancement means that Rowan has assisted 15 personally-sponsored distributors to advance to Director status and that ALL 15 Directors qualified in 2 consecutive months (August-September)!

Rowan has been an amazing example to everyone interested in improving the health of animals, humans, soils and the environment.

The quotes on this page are from people who have been influenced by Rowan in her quest to make the world a better place. Clearly, she has touched many lives inside the DYNAMITE® community as well as in the world around her.

Way to go, Rowan!

John Hanna, Rowan's spouse and friend of 40 years, says, "Congratulations, Rowan, on your dedication to human and animal health through nutrition."

Director, Edie Wilson, has known Rowan for 3 years and says, "I am one of her lucky downline, she was the closest distributor to me that is how I got to know her. I remember a time when I had lost a horse, Rowan was there for me spiritually, comforting, caring, more of a friend and counselor than anything at the time I needed her the most." Edie adds, "This couldn't happen to a more deserving person, Congratulations!!"

DYNAMITE® Bronze Director, Judy Simon says, "Keep up the good work, Rowan, from all the horses you have helped."

Kit Link, DYNAMITE® Supervisor, says that she met Rowan 10 years ago because of a vet recommendation. Rowan came up with a "lunch program" to give to her horse during our long rides. The lunch included DYNAMITE® TNT™ and it made all the difference in the world in her horse. Kit says, "Rowan, I hope everyone you have helped can continue to exemplify your spirit."

Pictured above: Gretchen Topen, Bronze Director

Gretchen Topel, Bronze Director, has known Rowan for about 7 years and says, "Although I am not in her downline, Rowan has always been willing to help me out in many ways. I first met her when I was desperate for some product and needed it ASAP. Rowan of course had the product stocked on her shelf. You can just about always count on her for that!

"Rowan has offered her listening ears, and vast knowledge to me in many ways. Two situations that stand out the most are when a friend came back from Africa with malaria, and when my dog was run over and had a compressed spine. Both of these situations were life-threatening in their own way. I spoke with Rowan, and she was more than willing to offer tons of great direction to help these two individuals. I always appreciate Rowan's attitude when it comes to helping me out. I am not even in her downline, and she still has spent many hours assisting me in whichever way possible. Thank you Rowan!

"Congratulations! You have certainly worked hard helping so many individuals, both human and animal, in so many different ways. Your efforts to promote health have blessed us all tremendously. I congratulate you for your perseverance!"

GOLD Director

“Rowan was referred to me as a massage client and I’ve known her over nine years. I have called her many times to get information on what products to recommend for certain situations. She has always taken the time to help. Rowan, I honor the truth that I see in you.”

-Donna Covington, CMT

Jim Zamzow, President and Founder of DYNAMITE® Marketing says, “Rowan is an example of living tempered steel - and she just keeps getting better.”

Dawn Swinehart, a Director in Pine, CO has known Rowan for 2 1/2 years and says that she has always been just a phone call or an email away and has helped in many situations. Dawn recalls a situation that really showed Rowan’s compassion and love for animals and her belief in DYNAMITE® :

“My daughter’s horse (one of Rowan and John’s colts) succumbed to WNS after diligent efforts to save him through the night. Rowan instructed us what to do and John helped administer products all through the night. We were blessed with their support and love even though things didn’t happen how we thought they should. Rowan and John also are very giving individuals as they presented my daughter with a beautiful young filly to carry on with. Love to you both and congratulations! You are special in our hearts.”

I first met Rowan Emrys when we decided to breed our mare to their stallion four years ago. Rowan was a wealth of information on not only horses but on supplements for horses. We started our horses on DYNAMITE® products and have been on them ever since. About four months ago, I approached Rowan on becoming involved myself. Not only did she make this a very easy process, she is so well informed and has helped me in my beginning efforts tremendously. She truly wants her people to succeed. She does not push nor does she pressure, she just makes sure that she is available. This is why she is so successful in what she does. -Mary Cook

Jane Alexander, DYNAMITE® Director, was Rowan’s first DYNAMITE® distributor to sign up under her about 10 years ago. She says, “I’ve known Rowan personally about 12 years. Prior to that I had met John Hanna and sold him one of my horses as a broodmare. When I met Rowan to do some energy work we were tickled to discover that we already had that in common! There are so many times I have called to ask her advice and tap into her expertise. She has given me many wonderful ideas over the years to help with my health and the health of my animals. She is so incredibly knowledgeable that I feel extremely fortunate to have her as a resource. Rowan, thank you so much for dedicating your time to educating and inspiring me, you are a treasure!”

DYNAMITE® Director, Jean Dyer, has known Rowan for 5 years and remembers a time when Rowan helped her:

“I had lost 2 mares and was grief stricken and was searching for answers to why this had happened. The vets couldn’t help me at all. I had subscribed to a publication called “The Whole Horse Journal” and in that was a letter written to the editor from Rowan, so that is how I came to know of her and I contacted her for some answers. Then, after the untimely death of my 2 mares, I took in two “throw away” horses who needed great help, so again I contacted Rowan for help and advice. One was diagnosed with cancer and a short time later passed away, the other one had cushing’s and thyroid problems. I have that one to this day. It is in good health and one of the joys of my life!”

Jean says, “Congratulations, Rowan, I am glad all your hard work has paid off, this is well deserved.”

Sharon Bringleston, DYNAMITE® Product Rep, says this about Rowan, “I have known Rowan for three years, beginning when I moved my horse Rasta to Tarryall’s boarding facility following a reaction to the West Nile vaccine. We put him on a DYNAMITE® program. She has been a tremendous support system for Rasta & I. I recently became a distributor under her because of her tremendous knowledge and availability when I need help. She is an incredible asset to DYNAMITE® and in higher service to the world at large. “Gold” is the quality of her heart and her soul, so how fitting that she has gone Gold!”
